My passion is the interconnectivity of our world, in all its dimensions, including the Web. After an initial career in translation, I transitioned to web development aiming to transform words into tangible digital creations. I am particularly interested in engaging in innovative and creative digital solutions that promote eco-responsibility, culture, or social welfare. Main qualities: sensitivity - creativity - rigor - organization - autonomy - curiosity - languages (French - C2, Hungarian - C2, English - C1, Spanish - A1, Swedish - A1)
